CLEVEREDGE PRO

CLEVEREDGE PRO

Discover the perfect balance between aesthetics and functionality with Cleveredge Pro, the ultimate solution to illuminate your projects in style.

Our flexible suspended luminaire is meticulously crafted to transform your vision into reality, offering a tailored approach to lighting design. Available in 12 mesmerizing colors and textured finishes, including marble, concrete, and wood, Cleveredge Pro Frames are your canvas to customize, matching any RAL color of your choice.

Seamless Blend of Form and Function

Whether you are designing a reception area, office space, or commercial setting, Cleveredge Pro provides a seamless blend of form and function. Elevate your space while creating an inviting and well-lit environment for everyone to enjoy.

Exceptional Illumination

Our frames provide direct light for focused illumination, ensuring every corner of your space is beautifully lit. At 120 lumens-per-watt, Cleveredge powerfully illuminates interior spaces while avoiding energy over-consumption. Ideal for commercial spaces, offices, and educational environments, these frames create a comfortable, well-lit atmosphere.

Tailored to Your Vision

Cleveredge Pro is designed with versatility in mind. Available in various sizes, these frames fit effortlessly into any project. Cleveredge is available in 12 texture and finish choices ranging from Wood, Concrete and Marble, or select your own custom RAL color to be painted in-house. Choose from 1 of 3 square or rectilinear sizes to suit your specific needs.
